**RUP, CCA and MEAP Phase I
Credits will be offered pending
approval**

Meeting Purpose

This meeting will provide you with the latest research results and recommendations for field crops weed, insect and disease control and crop fertilization to prepare you for the 2012 growing season.

Just like at every other MSUE meeting, the best discussions occur when producers like you ask the tough questions of our specialists. Please come prepared to share the challenges you see on your farms to make this years pest management meetings more rewarding for everyone.
